

SPECIALISED CONTAINER RANGE

Flat Rack Shipping Containers

Shipping Containers Australia supply high-quality used flat rack containers. Flat racks are especially suited to heavy loads or cargo that needs loading from the top or sides, such as pipes and machinery. We offer collapsible and non-collapsible flat rack containers with or without walls. Manufactured from steel, flat rack containers come in 20' and 40' sizes.

We also paint flat rack container in a range of standard colours. Our advisors are more than happy to assist you with any of your questions.

- Solid steel structure
- Available in 20ft and 40ft lengths
- Leaf or coil spring collapsible posts
- Open end wall design
- Wooden or steel deck
- Fixed posts and stanchions if required
- Fresh coat of paint optional (pictured)
